

Why Should We Care About Development Finance? ...because it's our money!

Volume 3, Issue 22, November 29, 2019

Why did the economy slow down? Making sense of GDP at 4.5%

All three engines that drive growth, jobs and incomes in rural areas have been shut down by thoughtless policy measures. We have nobody to blame but ourselves. Apart from the twin deadly blows inflicted by way of demonetisation & GST that disrupted the growth momentum what has caused aggregate demand to shrink? Remember it is lack aggregate demand that bedevils the economy. So let's take a look at what's been happening to demand. [Read more...](#)

India enters quagmire of 'mistrust economy', as GDP growth officially slips to 4.5%

Even those who have been supporting Modi's economic policies is expressing doubts around the country's latest GDP figure for the second quarter of the current financial year, 4.5%, the lowest in the last six years. [Read more...](#)

Ajit Niranjan

Of GDP and Tax Cuts...

More than Rs. one lakh crore (Rs. 1,08,785.41) revenue forgone due to exemptions availed by corporates in 2019. For the last four years, the figure is Rs. 4,30,497.64. It is unfortunate that no media house or political analyst talk about tax payer's money when it comes to exemptions for the corporates. [Read more...](#)

MUDRA Loans - Next Avalanche for Banks?

It appears that MUDRA loans are going to be another avalanche for Banks which are already saddled with huge corporate NPAs. Unless the Govt provides support for the MSMEs, like in Israel, they can't succeed. [Read more...](#)

The setting sun on India's solar dreams

Caught in an economic slowdown, India's clean energy transition is likely to go for a toss. What will be the cost? The ongoing slowdown in economic growth and electricity demand has worsened the deep stress in India's renewable energy industry, sending it into a tailspin. [Read more...](#)

Bank Charges: Penalising The Poor Continues, As Corporates Enjoy Rs. 6 Lakh Crore Write-Offs

Banks collecting penalty for not maintaining a minimum balance at a time when the economy is at its worst, unemployment is very high, MSMEs and unorganized sector are yet to recover from the twin attack of demonetization and GST, and rising food prices is a poor joke on the people who struggle to meet their ends. [Read more...](#)
