## THE STATE OF ENERGY FINANCE IN INDIA

### New Publication: The State of Energy Finance in India

This booklet by Tanya Thomas is a critical study looking at India's energy systems and issues surrounding it today. Based on facts and current trends she offers not only the way ahead but also seeks answers to uncomfortable questions not being asked around the sudden growth of renewables. There are legacy issues with the hydro and then there are environmental and economic costs with the fossils, she discusses it all. [Download Booklet...](#)

### Isn't Selling PSEs, Banks, Insurance, and Assets not selling family silver?

The Finance Minister has stated that she is not selling family silver but strengthening it. Is it true? Madam Finance Minister, you are not strengthening them but killing them. This is killing the golden goose. Farmers have understood this. People of the country will realise it soon. [Read more...](#)
