

Energy Matters

Perspectives, Analysis & Debates on Energy

Vol 1, Issue 3, March 2023

Dear readers,

We present to you issue #3 of Energy Matters. Through this newsletter, we aim to bring to you updates on the latest news in the energy sector; and analysis on the impacts, politics, investments, and science of the emerging developments in the energy sector.

This month, Soumya Dutta, highlights the inadequacies of the current trajectory of several countries' energy transition and its implications for people and the planet.

A book review of C.K. Prahalad's Fortune At The Bottom of The Pyramid: Eradicating Poverty Through Profits by Raktim Majumder exposes how MNCs continue to instrumentalise those who are disenfranchised for the sake of private profit.

Fouziya Tehzeeb's report on a field visit to Ratnagiri, takes us through the journey of communities who have struggled decade after decade to protect their lands, natural resources and livelihoods.

Chythenyen D.K. writes about how plastics caused fire & affected air, water, soil, and life in Brahmapuram, exploring the causes of the fire that broke out in the landfill.

We hope you find this newsletter useful, and we welcome your suggestions and feedback. Write to us at newsletter@cenfa.org.

The Editorial Team

Countries using Energy Security as an excuse to not take Climate Action

The term energy security has become popular again after February 2022 when Russian troops invaded Ukraine and the subsequent events. These events led to widespread oil and gas supply disruptions and price rise. [More >>](#)

Fortune At The Bottom of The Pyramid: Eradicating Poverty Through Profits | Book Review

"Fortune At The Bottom of The Pyramid: Eradicating Poverty through Profits", is a classic example of ratification, extolling governance geared towards the eradication of poverty by MNCs. [More >>](#)

Ratnagiri Refinery Opposition: An unwavering courage to save Konkan

The residents of areas along the Konkan coast have been fighting for their land and natural resources for more than a decade now. [More >>](#)

How plastics caused fire & affected air, water, soil, life in Brahmapuram

"Operation successful but the patient died" is perhaps the best phrase to describe the handling of the Brahmapuram fire which ravaged the city of Kochi. [More >>](#)
